28 Will Receive Degrees At Outdoor Commencement; **Dinner Is Set For June 18**

U.S. Commissioner Of Education To Speak

Members of the second graduating class of Stern College will receive their degrees, together with graduates from nine otlfer schools of Yeshiva University, on Thursday afternoon, June 18, at 3 p.m.

The twenty-eight Stern College seniors will be among 300 participants in the first outdoor commencement to be held on Danciger Campus of the Main Center.

At special senior class elections last Wednesday, Evelyn Weiss was elected valedictorian of the class of 1959. A former editor at the senior dinner following Math Award graduation. Hannah n. Runners up were Kalter and Dorothy Gewirtz.

Gewinz, Sannel, Belkin, president Vill con-the colleges and divisions of the university who have fulfilled the required studies leading to de-grees on the bachelor's, master's, and doctor's level. Commencement Speaker

In addition, honorary degrees will be presented to: United Lawrence Derthick,

States Commissioner for Education, who will deliver the commencement address;

Benjamin Gottesman, philan thropist and benefactor of Yeshiva University; Rabbi Moses Poleyoff, a Rosh

Yeshiva of Yeshiva University who has served there for 40 years

Moshe Shapiro, former Israel Minister of Religion and Social Welfare and former Hapoel Hamizrachi representative of the Knesset.

10 Tickets Per Graduate

Because graduation exercises te to be held outdoors, more аге tickets will be available to each senior than in former years. Each (Continued on page 4)

WE'RE ACCREDITED!

The May, 1959 Middle States Letter, published by the Middle States Association Colleges and Secondary Schools, announced the re-affirmation of accreditation of Yeshiva University. This is the result of the evaluation last November.

Since a university receives accreditation only when all of its schools are approved, College is officially Stern accredited by the association.

Evelyn Weiss

Weiss Wins

Evelyn Weiss is the recipient of this year's tuition scholarship to Yeshiva University's Graduate School of Mathematical Sciences, announced Dr. Abe Gelbart, director.

The scholarship, which has been approved by Dr. Belkin, president of Samuel Yeshiva University, will be available nually to a worthy Stern College graduate who has been accepted to the Graduate School of Mathematical Sciences.----

Fees other than tuition will not be included in the scholarship which will be renewable on the basis of the scholastic achievement of the student during her tenure at the graduate school

"I am very happy with this arrangement and look forward to future applications of good qual-ity from Stern College" said Dr. said Dr. Gelbart.

Evelyn Weiss who majored in math, is a native of Pittsburgh.

Class Elections Held Last Week

Results of class elections held last week were as follows:

Class of 1960

President-Bobbie Rosen Vice President-Gita Feiner Secretary-Ruchama Fuchs Treasurer-Rachel Heiland

Class of 1961

President-Joann Bloomberg Vice President-Helen Pflanzer Secretary-Phyllis H. Katz Treasurer-Esther Rivkin

Class of 1962

President-Rosalie Bayer Vice President-Sherill Reisman Secretary-Dena Shapiro Treasurer-Leah Frankel

The program will be designed to foster individual achievement of the student in a particular field. Details have not yet been worked out, he said. It is hoped, however, that it will be approved in June and will begin next September.

The courses will involve in dividual projects and credit will be given to participants. More about this program will be made known when it becomes official.

New Book by Rabbi Schacter **Compares Versions of Mishna**

Rabbi Dr. Melech Schacter's first published work, Comparison of the Babylonian and Jerusalem Versions of the Mishna, has recently been released for distribution.

In his book, Rabbi Schacter points out the various conflicts which exist between the Jerusalem and Babylonian versions of the Mishna+

and suggests reasons for the differences Written in Hebrew, except for an English introduction, the book is published by the Masad Ray Cook Publishing Company of Is-

rael. Rabbi Schacter teaches Prophets and Foundations of Judaism at Stern College. He is also a faculty member of the Semicha program of Yeshiva University. In addition, he teaches Jewish Social Philosophy at the Y.U.

more classes. During her terms, theatre and skating parties were begun and the first class function with a Yeshiva College class was held. Paula also has served as co-chairman of the Honor Committee and Freshman Week, and a member of the Student-Administration committee. She is also on the Dean's List for scholastic achievement.

Lefkovitz Elected Veep

Judy Lefkovitz, a psychology sociology major, is from Cleve-land, Ohio. She has served as co-chairman of the sophomore elass carnival and entertainment committee for the dorm social. She also participated in the Purim play and composed part of the lyrics.

A resident of Denver, Rivka Adelman is an elementary education major. This year as preşi-dent of her freshman class, she began active campaigns for class elections. Rivka was also a member of the Purim play cast and door chairman for the Purim Chagiga. In addition, she is a for The Observer. typist

Gail Resnick, from West Hartford, Conn., is majoring in ele-mentary education. Gail attained Dean's List honors for scholastic achievement in her freshman year. This year she served as secretary of the sophomore class, chairman of the Charity Drive, and co-chairman of the dormitory social. She is also a member the co-op staff.

President's Proposals

Paula's proposals for next year include:

*A social function at the beginning of the school year to stimulate greater enthusiasm of student body in Student Council. At this activity all students could get acquainted with each other and with the duties of the Student Council, she said. *A column in each issue of the Observer devoted to Stu-

The dent Council news and ideas. *The formation of a school

orchestra and an informal club to learn the latest Israeli songs. *The establishment of an office

of social co-ordinator to co-ordinate all school social activities

*The establishment of an office of cultural co-ordinator to coordinate lectures on both secular and religious topics. (Continued on page 2)

The Second Step

Last spring Stern College published its first attempt at a printed newspaper. All last year we learned, devised and revised and at the end of the year published our great accomplishment. It was one sheet and could only be circulated among the students. There were no pictures or ads. It was, as its name suggested, "The First Step."

Now the second step has been completed. The Observer has been published regularly and has a circulation of over 900. The paper is partly self-supporting and on the average receives 50 column inches of ads per issue.

The structure of the staff has been formulated and responsibility is being divided among the members. The credit for these accomplishments belongs

many persons.

To Effic Fink and the Student Council we would like to extend appreciation for both their moral a financial support. It takes more than sweat to produ a paper. Without the Student Council's financial backing there never would have been a paper.

Thanks also to Rabbi Howard Levine, who accepted the unpopular and difficult job of being faculty advisor. We are grateful for his understanding way of making corrections

We would also like to thank Dr. Vogel, Mrs. Isaacs and the faculty for their encouragement, constructive criticism and tolerant view of our mistakes.

To Mr. Burton Holmes, our advisor from the Columbia Graduate School of Journalism, goes our sinccrest appreciation. He not only instructed and pushed us through our first year, but also taught us such vital newspaper philosophy as "Don't get into a sweat" and "You've got to go with what you've got."

And of course without the enthusiasm of our fellow classmates publication would have been unnecessary.

The newspaper has been established and now we leave it in capable hands,

We hope that in the future the positions of the paper will be as hotly contested as any office in the school. We feel that no other organ of school life can promote greater unity in the student body. The paper is the voice of the student body, it is the record of the history of the school, it reveals our ambitions and dreams.

The Observer will watch Stern in the coming years. It will not merely be an Observer, but rather an integral part of student life.

Thank You

past semester.

Letter to the Editor To the Editor. The Observer Here in Stern College on Yom Haatzmaut we were fortunate to have a very interesting speaker tell us about Israel. For approx imately 35 minutes the student body was aware of this important day. However, the rest of the day, before the speaker and afwas as solemn as the rest

ter, was as solemn of the school week, Where were the girls who lived Israel or had visited there? Where were the many girls who plan to go to Israel within the next few months? And finally, where were all the girls who "pray for Zion" in their **Tefilot** and **Birchot Hamazon**? Certainly, among these girls should have been found some spirit as was found in non-Jewish institutions, if not more!

Queens College and Brooklyr College were filled with the spirit of Independence Day, singing and dancing in honor of this 11th anniversary of the state. And yet, here at a Jewish school, not one group Hora was seen, nor was any community singing there worth mentioning, except for one or two very small groups

Council President Surveys This Year's Achievements

By Effie Fink

Four wonderful years, full of hard work, pleasant times and lasting memories ... That is the way I will remember my stay at Stern College. More than anything though, I am gratified that I was able to serve my school in an elective office, that of President of Student Council. With the Council. growth of the student enroll-

Effie Fink ment, it was more difficult to insure the efficient running of a student government. The program of classes became more involved, leaving many girls with less for extra-curricular activitime ties.

Looking back on this past year though, it is evident that many girls found time to give of themselves unselfishly.

We were privileged this year to see our newspaper get off to a flying start with a printed is generations. And Student Coun-sue, something which had only cil can do its part to achieve been a fond hope and dream in this goal.

the past. To the editors and the entire staff we owe a vote of thanks.

This year marked the first organized lecture series under the sponsorship of the Forum Committee. Those girls who attended can endorse the fact that their horizons and areas of interest were broadened by their support of this group.

Another innovation, under the auspices of the Chagim Commit-tee, saw several Shabbos and Yom Tov parties brought into where the cafeteria was being. appropriately decorated, and re-freshments served with an atmosphere of song and dance prevailing.

This year was also a milestone for Student Council because of the formation of the Administra-tion-Student Committee, formed for the purpose of working out any questions or difficulties which the student body had. Many situ-ations were discussed and suitable solutions reached in a mutually satisfactory method.

Now the task remains to next year's Student Council to go on from here. This is only the start of what a student government can do. It is my fervent hope that they will advance "Me Chayil L'Chayil" and do their part to bring honor and glory to the name of Stern College.

It is within the power of this school to bring about a significant change on the lewish scene in America, that of an educated group of women, the future leaders and teachers of the next

Lag B'Omer Recalls Heritage Of Rabbis Akiva, Bar Yochai

BY NAOMI WILAMOWSKY

Lag B'Omer reminds us of two grave. On the tip of the pole is shining lights in Jewish History -the great Rabbi Akiva and his a copper basin into which olive oil is pouted and certain articles outstanding disciple, Rabbi Shi-mon Bar Yochai. While in Galut, of clothing such as hats, veils, and kerchiefs are placed. The henor of pouring the oil and kindling the fire with a wax candle is auctioned off to the highest bidder. The flame rises the celebration of Lag B'Omer commemorates the cessation of the plague among the 24,000 stu-dents of Rabbi Akiva, in Israel the celebration is devoted mainly very high and can be seen in the dark from the surrounding to the sainted memory of Rabbi Shimon Bar Yochai, whose Yahr-zeit falls on that day. hills.

The graves of Rabbi Shin Bar Yochai and his son, Rabbi Eliezer, are located in the town of Meron, near Safed. Rabbi Shimon Bar Yochai lived in the second century C.E, and because of Roman persecutions, had been forced to flee with his son. They lived in a cave for thirteen years during which time he composed the "Zohar."

Cabalistic Secrets

According to tradition, Rabbi Shimon Bar Yochai revealed his cabalistic secrets to his students before he died on Lag B'Omer. Thousands of old men, young Israelis and little children from all parts of Israel, make an an-nual pilgrimage to Meron to celebrate the Hellula D'Rabon Shim-on Bar Yochai. The ceremony itself originated with Sephardic Jews from Syria, Egypt, Moroc-Persia and other countries. co, Today, however, Ashkenazic Jews

is a separate structure, and listen attentively to stories about Rabbi Shimon Bar Yochai, told by the oldest among them. The ceremony of the Chalakah also takes place at this time. Little boys are given their first

> Peyot. Thus Lag B'Omer has a twofold significance. It reminds us of Rabbi Akiva, the great teacher of the Torah, known as the "Moishe Rabeinu of the Oral of

haircuts, leaving them their first

The people, meanwhile, sing songs enthusiastically, one of the most popular being "Bar Yochai Ashrecha." They wave their ker-

chiefs and dance with much spirit. One leading person in the center calls out "Kol Zeh Mip-neh Hazaddik." (All this in hon-

Confidence in His Students Is Hallmark of Dr. Vogel

Dr. Dan Vogel is a man who believes in making his students "think" and "thwim."

"In my own teaching of liter-" ature," he said, "I have no fear 'of thrusting the student into 'deep water,' because, I have confidence that if required to swim, she will swim."

Dr. Vogel, the first teacher of the first group on the first hour of the first day that Stern College opened, continues to have complete faith in his students' ability.

"My teaching is dictated by a feeling of confidence in my stu-dents," declared Dr. Vogel, whose field is English Literature. have

two strong beliefs-"First, that students work best under pressure because of the same psychology that is behind the saying - to get something done, give it to a busy person to do.

"Second, never underestimate the capacity of a student," Dr. Vogel came to Stern Col-

lege in September, 1955, acting as registrar until October, 1958, when he became acting dean. He believes that any administrative success he may have had stems in part from the fact that he is a teacher, and stresses the ne cessity of teaching experience for all administrators who work in the academic area of a college. Still Enjoys Teaching

It is Dr. Vogel's sincere hope that his administrative duties will never completely supplant teach-ing. His students know him as an extremely dedicated teacher. "I love especially to teach fresh-men," he said, "and am careful Bib. Lit. 4 each year to take on a freshman class, and every other year a Educ. 72 sophomore class, I feel freshman Heb. 24 and sophomore courses to be a hallenge, especially in my field. They are unlike the elective courses, which are easier to teach Hist, 2 because the teacher assumes in-terest on the part of the stu-Chem. 12 dents "

Born in Brooklyn, Dr. Vogel spent much of his boyhood in Jersey City, attending public 1; school and Talmud Torah there. Music 21 B Jersey He is a graduate of Brooklyn College, and received his M.A. ollege from Rutgers University. In 1956, he carned his Ph.D. at from New York University, writing his thesis on Herman Melville's poetry. He is a member of the Modern Language Association of America and the Melville Socicty, and has published several articles on Melville.

Active also in the Jewish com-nunity, Dr. Vogel has served in various capacities as organizer, president and educational chairseveral branches of man at Young Israel in Brooklyn. As a graduate teaching assist- Music 1

ant at Rutgers and later as full-time instructor of English at College and at Stern; Yeshiva Dr. Vogel has had an opportunity to puthis ideas on education into practice, and his ten years' experience have served to confirm and strengthen his hypotheses

Receptiveness Encouraging The factor which most en-courages a teacher, receptiveness on the part of the students, is in Dr. Vogel's opinion present to an unusual degree at Stern College.

"I actually feel that the girls who come here come to learn," he said, "don't consider Stern simply as an extension of their required education.

"I rather think the students of Stern College) are a dedicated the cement which binds the parts group, because of the tremendous of the mosaic securely toget with
