

## Update Your Bookmarks and Library e-Resource Links in Canvas

PG :

---

EZproxy®

**Information Technology Services (ITS)** will **retire** the old library **EZproxy** domain (yulib002.mc.yu.edu) on **August 23, 2022**. **EZproxy** enables remote access to subscription e-resources. We recommend that you **update your bookmarks** or **library e-resource links in Canvas** for uninterrupted access to e-journals, e-books, and databases from on and off campus.

If you have bookmarked or inserted any direct links to library e-resources in a Canvas course, **update the URL prefix** to <https://ezproxy.yu.edu/login?url=>. For example, here is a direct link to JSTOR:  
<https://ezproxy.yu.edu/login?url=https://www.jstor.org/>.

If you use library **eReserve** services, you don't need to do anything, because we have updated the URLs on that platform.

Please contact **Head of Web and Digital Services Hao Zeng** at [hao.zeng@yu.edu](mailto:hao.zeng@yu.edu) if you have any questions or need assistance.
