LOCAL ORATORS TO TAKE PART IN RADIO CONTEST
Damon Announces That Tryouts Will Be This Month

An invitation to participate in a metropolitan intercollege radio forensic contest, sponsored by the New York Alumni Club of Tau Kappa Alpha, debating society, was extended to Yeshiva College. Having for its objective the development of more effective radio debaters in the city, the first competition of its type to be held in New York, details of the contest are that each college in the metropolitan area may enter one representative who is to deliver a radio speech of exactly five minutes in length on an argument proposed for his college. The arguments will be presented to the press and radio stations for selection. The final, which is to be composed of the five Pennsylvania colleges, is scheduled to take place in April and will be judged solely on the basis of radio delivery ability.

Mr. Kenneth Damon, head of the Public Speaking Department at Yeshiva College, who received the invitation, announced that tryouts for the participation of his college will be held this month. The Yeshiva College team is now in the process of choosing the five members who will represent the college.

Rahmin Sion Makes Debut As A Radio Commentator

"My name is Rahmin Sion. I come from Iraq. I am a present student at Yeshiva College. The topic of my speech is 'The Jews in Iraq.'" These carefully enunciated words served to introduce a new radio personality to the listeners of station WJAB (1340 kilocycles) last Sunday evening at 9:45.

It was Rahmin Sion's debut as a radio commentator. The immediate reaction of the small group of his listeners who had been turned on by his presence at the Yeshiva College Radio Committee was to remark, "What a charming radio voice! He sounds like a大学生."
The S.O.Y. of Prius

We are very sorry to announce the demise of the S.O.Y., and to inform our readers that it has been dissolved for the present. The reason for this decision is that the officers of the S.O.Y. have decided that the time has come to focus on other projects and initiatives within the college community.

The S.O.Y. has been a valuable resource for our members, providing a platform for discussion and collaboration on various issues. We would like to thank all those who have contributed to its success and we encourage them to continue to engage with our community.

As the S.O.Y. transitions to a new phase, we are excited to explore new opportunities and initiatives that align with our goals and values. We will continue to prioritize inclusivity, diversity, and community engagement in all of our endeavors.

We encourage our members to stay informed and involved in the college community, whether through traditional channels or new forms of engagement. We believe that by working together, we can create meaningful change and make our college a better place for everyone.

Thank you for your support and we look forward to continuing our journey towards a more inclusive and equitable future.

SOY PUBLISHES ORGAN IN FORM OF MAGAZINE

New Publication Scores Commentator

The first issue of "Hazedek," official organ of the S.O.Y., came out yesterday. The publication contained no masthead, the editorship being in the hands of the executive committee of the student council.
The paper took a strong attitude against dining-room abuses and against Commentator dormitory policies, warning the latter publication "we shall command the present S.O.Y. council highly, saying in its lead editorial: "The Council immediately solved all past problems and approached the new ones."
The homiletics section of the publication is edited by Benjamin Effron '38. No mention was made of how often the publication will appear.
