This catalog accompanies a celebration of scholarly and creative work at Yeshiva University from 2014 through May 2017. Sixty individuals—both faculty and staff members—submitted bibliographic and descriptive data about their books, journal articles, plays, and visual art.

The entries are arranged in alphabetical order by the surname of the contributor. Within entries, the arrangement is in reverse chronological order. An illustration of one key work, whether a book jacket, journal cover, or an image of the visual art itself, accompanies each contributor’s submission. Within the citations, if the contributor is the sole author, the name is omitted.

The works listed in the following pages represent the lively discussions and creative vitality among Yeshiva University’s faculty and staff members. The 255 bibliographic entries in this catalog serve as evidence of their accomplishments.
