The Philosophy of the Zionist Congress
By Rabbi David W. Petegorsky '35

The third volume of the Scripta Mathematica Library, compiled of a series of four forum lectures delivered at the Hebrew Union College in Cincinnati, Ohio, in 1938, has been published.

The volume contains the lectures of various distinguished scholars and intellectuals, including Professor Samuel G. Greengross, who delivered the opening address; Professor Samuel S. Shenhav, who spoke on "The History of the Zionist Movement in America;" and Professor S. D. Jaffe, who lectured on "The Philosophy of the Zionist Congress." The lectures cover a wide range of topics, including the history, philosophy, and politics of the Zionist movement, and provide a valuable resource for students and scholars interested in the subject.

The volume is part of the Scripta Mathematica Library, which was established by the Hebrew Union College in Cincinnati in 1935 to publish scholarly works on Jewish studies.

The lectures in this volume were delivered in 1938 as part of the College's annual series of forums, which were sponsored by the Department of Jewish Studies.

The volume is available for purchase through the College's bookstore, and is also available online through the College's website.

The lectures in this volume are of particular interest to students and scholars interested in Jewish studies, and provide a valuable resource for understanding the history, philosophy, and politics of the Zionist movement.

In addition, the lectures in this volume are a testament to the College's commitment to promoting the study of Jewish culture and history, and to providing a platform for the exchange of ideas and perspectives on these important topics.

The College encourages all students and scholars to take advantage of the resources available through the Scripta Mathematica Library, and to explore the rich history and culture of the Jewish people through these valuable works.
A MILLION DOLLARS

The effect of one million dollars, the proceeds of which will be used to educate and give employment to the children of the college, is indeed a pleasant one.

A second objective of the winter activity is to raise funds for the establishment of the Yeshiva in the Soviet Union. The purpose is to establish a Jewish educational institution in the Soviet Union that will provide education for Jewish children who are denied the opportunity to receive a Jewish education.

The third objective is to raise funds for the purchase of land in the United States for the establishment of a new Yeshiva in the United States.

These objectives collectively represent a significant step towards realizing the goal of establishing a Jewish educational institution that will provide education for Jewish children around the world.
N. Goldklang Will Act As Coach In Absence of Milt Trupin

The Blue and White basketball squad held its first practice session in the college gymnasium last Monday evening under the direction of Norman Goldklang, '28, captain. In the absence of a paid coach this year, Goldklang has assumed the responsibility of producing a varsity team strong enough to cope with the difficult schedule ahead.

The prognosis is going on regularly with new candidates now being looked over by the captain. The hope is expressed that the team, having won its last year, whose contract was not renewed by the Student Council, will make the necessary improvements to be able to assist in developing the team during some of its more difficult fixtures for increased lightness and strength.

The squad will again meet with Capt. Goldklang in the gymnasium every Wednesday evening to hold a regular call for applicants for positions on the varsity has been issued. Various factors, its foundation, on the home court November 18, (Continued from page 1)

Several appeals have been received from the department of the English, and department of English, a graduate of C.C.N.S., and a recipient of M.A. from the same faculty. He is a member of the public speaking faculty of Brooklyn College, also the recipient of B.U. degrees in that field which have been published in leading hearing papers.

GRIFF MOVES OFFICE
Mr. Griffin, director of Griffin, announced today that he has been transferred to New York City.

Under is now in the practice of the firm. Unless there is any improvement in the basketball program within the next two months, it is not improbable that he will be assigned to the baseball program.

In connection with these appointments, Griffin has acted a new ruling requiring that the heads of the various departments keep their offices for one term only.

J. B. Rose, '28, chairman of the Campus Bureau, reported on its progress and the activities of the newly-formed organization. In his report Rose stated that the policy of the Bureau was to encourage organizations to maintain their clubs. It was evident that the means made available to and welcomed any criticism which would this year.

MADMID

Candidates for the editorial and business staffs of the Mad,mid are requested to hand in their names and qualifications to the editor, Isadore Miller '32 as soon as possible.

A new supplement will be the new feature to this year's Mad,mid. The cooperation of the editors in the production of this issue is a measure of Mil- ler's work.
PLISKIN PUBLISHES WORK

Rabbi Samuel Pliskin, student at the graduate department of the Yeshiva, recently published the first volume of his book "The Chofetz Chaim, His Life and Work", to appear in eight volumes.

Dr. H. L. Gordon, reviewing this biography of Reb Israel Meier, the Chofetz Chaim, stated that this book has become the main source for all those who have lately written about the Chofetz Chaim.
