Rabbi Gold Scores Zionists' Dejection

Resolution Presented By Appell Against White Paper

Speaking at the meeting of pro-
against the British White Paper, sponsored mutually by the stu-
dents Council and S. O. Y. in the
Harry Fischel synagogue on Thursday, March 7, Rabbi Wolf
Gold, chairman of the executive board of the Mizrachi World Organ-
ization, launched an attack against the dangers of an attitude of
passivity which might result from the recent turn of events in
connection with the Palestine sit-

The meeting recorded its protest by adopting a set of four resolu-
tions demanding in essence a more
strong stand against British squashed by active and immediate mea-
sures. The resolutions were pro-
posed by Bernard Appel '38, acting in the capacity of chairman of the Yeshiva Student League. Joel Gold-
man '40, president of the council, introduced both speeches.

At the close of the address, Rabbi
Gold declared: "This is neither
the proper time nor the proper
place to protest against a fait accompli. It is rather against ourselves that we must protest. It is against ourselves that we must protest against a fait accompli that will make our land and for having sunk in the dust, in the dirt at our foot. There have been many opportunities for the Jewish people since the Bal-
four Declaration which we were
bombed on account of a lack of faith even among the Jewish people. I would like to announce that the Palestine is our true self because this is our God's promise and the (Continued on Page 5.)

A Sane Outlook

Last Thursday, exactly one week after the publication of the infamous British White Paper, a joint convocation of Yeshiva and Yeshiva
College students was held to deal with the resolutions condemning Great Britain for its action as well as the Zionist leadership for its
catastrophic attitude toward the entire question. Since the day of the assembly, numerous pro-
tests have been heard regarding the resolutions.

Our leaders must be courageous, unyielding and above all democratically, since well ac-
quainted with the type of "real-politik" that England is trying to play with us. We don't want a Palestine to exist in the West Bank, and the United
States, and America, one is ever con-

just field. We, too, feel that the unpremeditated procedure employed by one individual in the
pushing through of the resolution was entirely
undeserved and should be condemned.

But before hastening to pass judgment on the
actual substance and content of the adopted
measures—as some youngsters were wont to do— we deem it better to analyze the sit-
tuation for what it is worth. Above all, we must refrain from employing such reactionary words as name calling and teaching of "isms" indirectly.

When it comes to the substantive expression
of the resolutions, we express the feeling that the votes cast do not

If our present leadership does not fulfill
this requirement—and we feel that it doesn't
— it should be called to task. Who can deny that the leaders of the Zionist fold have been
indirectly or directly responsible for her self-assured
position of dominance over the Jews? This has
been quite evident ever since the partition
proposed by London was accepted.

Rabbi Gold Scores Zionists' Dejection

(Continued from Page 3)

Toward the end of this week's group of paper, among the most important was the statement of traditional Rabbi Gold in a letter to the New York Times. Rabbi Gold declared that no force on earth can deprive the Jews of their ancient home. In the same edition of the Times, the former Chief Rabbi of London, Lord Walford, said in his weekly column that there is no Jewish community in the world today that is not ready to assume the leadership of the anti-Zionist world.
