Intra-University Student Formulates Plans

An Intra-University Student Committee was recently formulated by the representatives of the Student Council of the Yeshiva University Center and Yeshiva College.

As stated in the proposed charter of the Council, the purpose of this group is to co-ordinate the efforts of the member organizations in matters which are of common concern to themselves and to set for the establishment of closer co-operation and good will among them.

Dinner Commission

At the first meeting of the Council, which was held on Thursday, November 21, a dinner committee was formed. Members of the Commission are: Dr. Samuel S. Ephraim, President; Mr. David J. Lauer, 50, and Mr. Abraham Shlonsky, 47.

Concerning finances, the Council decided to seek representation of the student body in the affairs of the University Discussion Bureau. In the Hotel Astor, the dinner will be held on October 1, 1951, in celebration marking the anniversary of the New York State Board of Regents.

A.A. Appropriation

At a meeting called by the Executive of the Student Council, on October 30, the Student Council formally rejected the Y. U. Alumni Association's budget asking for $4000. The budget was rejected mainly because it was felt that it was not prepared sufficiently to be as far as possible an equitable expense for a year when stipends were being cut.

The Committee was authorized by Dr. Stuhlman, 51, president, to appoint a committee to further investigate the program of Dr. Rabin, 50, which was named chairman of the committee.

The Committee was founded by Mr. Hyman Weinsten, Athletic Director of Y. U., to cover all varsity and intramural sports-baskctball, soccer, fencing, swimming, and tennis.

Trustees Report on Endowments

As income-producing endowments of $1,164,774 for Yeshiva University, was reported by Mr. Samuel Adler, 30, president; Yeshiva University Endowment Foundation, at the annual meeting of the Foundation held in the Hotel Astor on Tuesday, September 20.

Dr. M. C. Goldsmith, 70, re-elected president of the Endowment Foundation.

The trustees of the Foundation have authorized an extensive drive to increase the endowment funds of the University to a minimum of $10,000,000, in order to provide funds for the support of Jewish students.

Co-operative Store Expands Facilities

The Yeshiva College Co-operative Store has been re-designed and renovated in their recent experimentally. The store is housed in the newly completed dormitory on the campus.

The store is now open to the public and will be open during the summer vacation.

Frosh Welcome

By Dean, Faculty, Student Speakers

At a freshman assembly held in the science lecture hall on Wednesday, September 21, Dean Shlomo S. Lauer welcomed the new and old students at an assembly held at the Student Union Building on Tuesday, September 20.

Dr. Churgin, Sieg Address Assembly

Dr. Phinik, Churgin, Dean of the Teachers College, welcomed the new and old students at an assembly held on Thursday, September 21.

S. C., Committee Reaches Agreement

The Executive Council of Student Councils in joint meetings with the Faculty Committee on Student Affairs has arrived at a tentative agreement regarding the new school year.

The agreement was arrived at by Mr. Kelm, 51, president of the Student Council.

"Our relations with the Committee on Student Affairs has, so far, been harmonious," stated Mr. Kelm. "We are happy to report serious agreement on a single issue—that of 'Commentator,' which has since been resolved to our mutual satisfaction.

We are looking forward to a fruitful year as this College works to meet the needs of the student body."
The Commentator

Message To The Students

Cordial Relations With Administration
Re-established, Council President Reports

By Henry Keller

[This is the first of a series of articles by the president of the Student Council, reporting on the status of the budget and other matters facing the Council.]

September 26, 1949

To The Students of Yeshiva University:

I wish to take this opportunity to extend my heartiest welcome to the students who are returning to their spiritual and intellectual home, and to the new students who are, now, being introduced to Yeshiva life.

It is, indeed, for me a source of spiritual joy to witness annually the ever-increasing student body; the expansion of the academic life, and the growth of the great facilities of Yeshiva University. You have joined a community of scholars and spiritual guides, and I am sure that all of you will benefit from the unique program of studies which only Yeshiva University can offer.

Wishing you well-being, and well-doing, I am

Sincerely yours,

Samuel Belkin
President

Yeshiva University
Amsterdam Avenue and 186th Street
New York 33, N. Y.

OFFICE OF THE DEAN

September 26, 1949

To The Student Body of Yeshiva College:

The faculty extends a cordial welcome to all who have attended Yeshiva College. The last, close to one hundred and twenty in number, represents proportionately the largest group of new students in our history. Integration will take but a short time and with all of us working together we may look forward to a great year of achievement.

Sincerely,

Morris Liegmeissner
Dean

September in New York is quite a month. Although it is filled with the warmth of summer, at times, chilly, wintry blasts hurdle, threatening a tempestuous tempest. Despite this, there is a certain gaiety in the air, as some of the finer weather days arrive. In this footfall atmospherically one reads of the plans of the teams of the gridiron. Occasionally mention is made of the hoop game, basketball, and it is then that you realize that Yeshiva University is beginning to recover. For basketball is more than just the run-of-the-mill sport to the average Y.U. man. It is his recreation. Through it he gives vent to his emotions which are aggravated by the pressure of various departments of his school. He plays basketball for a while and, then, if good enough, he joins the Y.U. varsity. His team does not enter into competition with other schools easily because it desires the glory and publicity which is attached to the team. It is a team organized and selected to the game and it is an enjoyable feature of the extra-curricular recreation. And since the varsity does reflect upon the school, the Yeshiva man wants it to be a good one.

The Yeshiva University Athletic Association functions with these purposeful ideas uppermost. It is attempting to raise athletes to a high standard, always remembering that it is healthful recreation and not an end in itself. The A.A.A. has banded together Yeshiva's athletes and is striving to give them adequate schedules, equipment, medical care, and all the fundamental prerequisites without which no whole-some recreation can be gratifying.

The Y.U.A.A. has drawn up an awesome schedule of games for the basketball varsity. Contests with Brooklyn College, Fordham, Queens, and other stellar aggregations are on tap. The Association has taken the bull by the horns in an endeavor to determine whether Yeshiva's Mites have "it." The varsity has come up with outstanding high school ball players, whose college basketball capabilities have not yet been fully tapped. They have, however, demonstrated the ability to get up and go, and have evidenced a rugged willingness to take it and give it right. The squad is matched with the essential ingenuity, Team Spirit, without which no power-laden aggregation can prosper.

The Y.U.A.A.'s veteran hoopers have returned court-wise and steeped in the fundamentals of the sport, so expertly drilled and demonstrated by Coach Bernie Sarachek. The squad feels it has the drive and rapid attack fundamental in the endeavor to rack up high scores. But in an attempt to be critically blunt in connection with the standing of Yeshiva's varsity, it must be noted that at this writing no definite record has been kept of Yeshiva's basketball sessions. Bernie, a veteran of some twelve years, whose leadership has been recognized by the record book and who has successfully coached numerous college varsity and high school teams, is expected to realize, as he has been, the high standards of the program. This year's squad is one which contains the fast-breaking, sharp-shooting integrals, who, coupled with the stability afforded by a strong rebounding and point-scoring center of artful Artie's ability, would result in the formation of an outstanding metropolitan side. And yet, even without this knowledge, the Mites are laden with a terrific point-producing punch which cannot be minimized in a correct, truthful analysis.

It must be remembered, however, that a deficiency in rebound strength, and an inability to cope with an extremely tall opposing center, makes the point-scoring capabilities of the team a bit meager in comparison to those of "Crazy" Nation's. However, this can be made up in an endeavor to determine who is "out" before each contest. Without the services of a scintillating center, Yeshiva's Mites will have to be at the peak of their form in the attempt to overcome the powerful force against whom they will be pitted. The varsity has already commenced to practice. The Y.U.A.A. is concentrating on skilful efforts, and the sports staff of "Commentator" looks forward in anticipation of a year filled with flourishing, memorable athletic activities at Y.U.
