Dr. Belkin Speaks Greeters

O'Dwyer, Epstein Address Delegates At Conference

Dr. Belkin, in discussing the work being done at Yeshiva, Mr. O'Dwyer stated, "This is the work of real value, not only to us but to generations yet unborn."

Dr. Epstein stated the exact relationship between Israel and the Jews of the Diaspora has yet to be established. He urged world Jewry to make greater efforts toward a better understanding of the Hebrew language and its culture.

President Belkin, in introducing the Israeli envoy, expressed Yeshiva's strong sentiments toward Israel. "We are always hoping for the eternal restoration of the land of Israel," declared Dr. Belkin.

"From the first days of Yeshiva's existence we have been ardently Zionists."

Louis Levine, national chairman of the General Zionists Organization, lauded Yeshiva's new expansion program and stressed the importance of American Jewry to the future of American Jewry and Israel. "There are those who are trying to undermine the strength of the Jewish people," he said. "Let us all work together to do our part in this great task."
Your Food Is Needed

With the news of the election still a major topic of conversation, and quiet reported on all fronts in the Holy Land, we are apt to forget that the people of Israel—our gallant brothers who are laying down their lives to preserve the Jewish State—still urgently require our assistance. All battles in Palestine are still fought on the battlefields, nor are the Arabs the only enemy. Not the least heroic battle in Israel is the battle of the home and here the adversary is hunger and deprivation.

Food is the ammunition in this battle, as surely as powder and bullets are its counterpart in the front-lines. And although America still unashamedly stands by its arms embargo, no such embargo exists against the export of food-stuffs.

Our duty is clear. We must send ton on ton of food to Israel until the emergency is over. The food drive instituted by the Placement Service is a symptom rather than being aided by our official

Background Of The Placement Story

If our support of the proposed consolidation of placement activities under one central authority is not as enthusiastic as we would like to make it, it is not because we are opposed in principle to such consolidation.

Our lack of enthusiasm, is due to two main considerations, neither of which is calculated to reassure us of the good faith of the administration.

Consideration 1: At the meeting held on Tuesday, November 2, 1946, the administration committee was careful to iterate and reiterate that the plans being drawn up by them are in the nature of recommendations to the President of the University, and that nothing decided on would be official until approved by the President. Yet weeks before that meeting...

Item: Letters clearly addressed to the Placement Service and seen by qualified witnesses in the Service’s mail box, were removed by unknown persons under mysterious circumstances.

Item: The Community Service failed to honor an arrangement it had concluded with the Placement Service last year by which it agreed that it would refer all non-rabbinic job applications to the Placement Service.

Dr. Magnes’ career is of course, the emergence of a Jewish state. For him of the need for a Jewish movement and of the necessity for religious problems. He was prominent in the early socialist movement and attempted to revive living conditions on the lower East Side. Similarly he was chairman of the War Workers’ Reviewing Board, enjoying the highest of all the responsibilities of capital and labor.

Dr. Magnes was among the organization of the Jewish Community of New York. The organization was un- fortunate in large, as it was founded, and its espousal of pa­

During a period of unhsted leadership, revolutionizing and wars, Magnes prophesied his adherence to the idea that the Jewish people must take control of the nation of Israel, and that they must lead the world. To Pelcini he led him later to attack the Jewish people, and to destroy them in Palestine, and ensured the Jew­

After settling in Palestine in 1922, he helped founded the Hebrew University. He served as its chancellor from 1922 to 1939, and as president from that date until his death. Deeply aware of the necessity for Arab-Jewish friend­ship, he sponsored Islamic studies at the University, and attempted to create a deeper approach between the two communities.

Recently, Dr. Magnes achieved another milestone in his life because of his advocacy of a bi-national state, which included those of the majority, they never­

Mites Slate Sixteen Tussles
For Intensive Hoop Season

Antique Dribblers To Exhibit Skills
At Alumni Dinner

The Mite's hoop campaign commences on Dec. 5 at the Yeshiva gym when they encounter the Yeshiva University Alumni. The annual Alumni Day affair will give the Sareshekhem their first chance to prove themselves under the lights of the gym.

Playing for the Alumni will be many of the outstanding Yeshiva stars of yesteryear. Among these are the Doppelt brothers, Hertz, Goldstein, Kligieman, Arb, and many of the stars of the Slimey Athletic Association and the varsity. "It might be the year we turn the tables on the varsity. The material's there. The question is what we work as a unit at.

The program will also include a ladies' exhibition between Mary the Dymphie and the varsity faculty. "It is hoped that this game will become an annual affair. It is appropriate to incorporate into the Alumni Day celebration," stated Hartzstein.

Invariably, the Mites will form a team of former basketball stars, using Slimey, Sareshekhem and Weitzen as nucleus.

Sons Troubled By Senior Combo.

The Senior intra-mural basket ball squad defeated a willing but inept Sophomore quintet to the tune of 66-43. Ramming in a total of 19 points, the Sopho team was defeated by Senior Combo. Although the Sophos possesses a most gruelling schedule, they have proved to be no bad. There'll be Geller, and Davidman, and Betti, and maybe a couple others back. Whaddayaknow, they may even be tempted—to might events.—Zarathustra detached his beard and sang this song.

I haven't a bad day. Now a worse evening overtook me. Oh, vain cause! I feel like a leaf in the wind. He duplicit his mind with hope, the poorest of opiates. Torment me no more—

Thus spoke Zarathustra, once again peering into the foggy depths. "What's the matter fellas?" ventured Slimey, "but look at this way. The boys couldn't get much worse could they? The only direction they can go is up—so we're bound to win games. Right? Let's give them one more chance. If they do a repeat on last season, I'll join you in a swim. Okay? Let's go."

Whereupon they stroiled arm in arm towards 15th and Amsterdam.

Sons Troubled By Senior Combo.

The Senior intra-mural basketball squad defeated a willing but inept Sophomore quintet to the tune of 66-43. Ramming in a flurry of markers, after leading at the half 28-14, the Seniors racked up 21 points in the third quarter to lead 51-21. Valely folding back, the thwarted Sophomores, aided by a fast break, canned 22 points in the final quarter, the only portion of the game which they outscored the Seniors.

Senior high scorer was the amazing Athletic Manager, Sam Kanter, who sank 5 Goals and 8 field goals for a total of 19 points, followed closely by Sol Blumenfeld who scored 16. High scorers for the defeated team were Lew Horogy, 15 points, and Maurice Lamm and Hilty Dryspiel scoring 10 and 12 respectively.

Pres. Names New Dean And Faculty

At a ceremony held on Thursday, Oct. 28, marking the formal opening of the eighth division of Yeshiva University, the School of Education and Community Administration, at the University, Amsterdam Avenue and 168th Street, Dr. Jacob J. Harkain was installed as Dean of the new school by Yeshiva's president, Dr. Samuel Belkin.

Among the appointees to the faculty of the new school are: Dr. David P. Ausabel, Senior Psychiatrist Buffalo State Hospital and Senator, Assistant Surgeon, U. S. Public Health Service; Prof. G. B. Delateur, of Columbia University; Dr. Benjamin Pines, education editor, The New York Times; Abner J. JaTf, principal, J. H. B. No. 50 in Brooklyn; Dr. Philip E. Kraus, associate professor in education, Yeshiva College; Dr. Sol Lipton, head of the German Department of City College; Dr. Julius B. Miller, associate director, health survey, New York Academy of Medicine; Dr. Saul Sigelchiffer, principal, J. H. B. No. 51, Brooklyn; Prof. Donald E. Stier, of Teachers College, Columbia University; Dr. Bernard D. Weiss, consultant on the Middle East, American Zionist Emergency Council; Dr. Mark Wiesnitzer, director, Institute on Overseas Studies.

Math Club Starts Discussion Series

The Y. M. Math club, which is under the guidance of Prof. Ginsburg, will hold its fourth meeting Wednesday night, November 10. Kurt Rosenstock will speak on subjects.

At the first three meetings the talks, delivered by William Frank and Arthur Rosenstock were on the Parey series and Morgenstern.

This year the theme of topics will be "Introduction to Topics of Modern Mathematics." Talks will be delivered by students and visiting professors and will be on a popular level.

$500 to $1000 Earnings

For capable freshmen or sophomores in "soap box" sales, work training provided. Good references required; no commission. One man will be chosen. Write, stating qualifications to Service Crystal Company, 43 East Main Street, Rochester 1, N. Y.
