New Plan For Co-op Proposed; State Authorizes T. I. Degree

Faculty Committee Approves Project To Enlarge Co-op's Present Quarters

A project plan for the centralization of the Co-op Stores has been approved by the Faculty Committee on Student Affairs. The plan, which is subject to the approval of President Belkin, Dean Isaacs, and the Yeshiva University Building Committee, calls for the breaking down of the walls which separate at present the candy and stationary store-room, the co-op room, and the photography room.

Simeon Tenenbaum '53 and Saul Bahn '53, newly-appointed co-managers of the Co-op, declared that the new project will create sufficient space to combine all departments of the Co-op in the same location, thereby avoiding the inconvenience of one cash register through which all purchases would go.

The project will include the establishment of one centralized bookkeeping system.

The co-managers also stated that under the new project a rotating system will be introduced by which the stores will be open during the entire day.

All articles for sale will be given appropriate display through shelving which will be placed underneath the counter and along the back wall. Under the provisions of the plan, the present quarters of the book store and record store will be relinquished.

Le Flambeau Exhibited By State Dept.

Professor Sidney D. Braun, faculty adviser to the Le Flambeau, France's French language magazine of Yeshiva College, has received word from the French Information Centers of the United States Department of State that Le Flambeau was one of 59 French - American publications that were exhibited recently throughout France. The exhibition, sponsored by the American Embassy in Paris on the occasion of "American Day" for French teaching of English, was organized "to show the French people how their interest in the language and activities of the United States is reciprocated.

The 1951 edition of Le Flambeau is now being distributed to colleges and universities throughout the country and abroad, revealed Dr. Braun. The current edition, marking the tenth anniversary of the publication, was edited by Hyman R. Grinstein, registrar of the Teachers Institute. The authorship included a number of J.E.P.I. works translated abroad.

Among the articles are an analysis of the American Jew according to Henry Berns's play "Israel," by Charles Sporn; a study of Napoleon and the Banished by Jacob Elshtain '53; and an original bibliography of modern French works translated into Hebrew.

Dr. Leo Jung Presents Books To Y.C. Library

The college library has recently acquired a collection of books given by Dr. Leo Jung, a member of the Board of Regents of Ethics at Yeshiva, it was announced by Mr. Sol Zeldes, College Librarian. The collection, which has been donating books to the library annually; this year's volume will be devoted to philosophy, psychology, logic, and Judaism.

Dean Sar Explains New Dorm System

In a reclassification of dormitory residents, Dr. M. S. Dormitory has been allotted solely to high school students, while the Old Dormitory will house college and rabbinical students, announced Mr. Samuel L. Sar, chairman of the Dormitory Committee. The new classification was also announced that Rabbi Simcha Mayer Feldblum '53 has appointed as supervisor for the New Dormitory.

"Our purpose in separating high school and college students," said Mr. Sar, "is to enable the students of each institution to live together and give the development of a harmonious and cooperative school spirit."

Rabbi Feldblum announced that he hopes to have older students from the Yeshiva and Teachers Institute aid younger boys in their studies and also plans to arrange morning activities for the high school students.

Eranos Schedules Three Discussions

The Eranos Classical Society will offer three lectures for entering freshmen, Manfred Fuchs '54, president, announced. The topics will be: "The Social Aspect of Language," "Mother Language," and "The Translation Problem.

The lecturers will be Dr. Bernard Fisch, professor of classical languages, and Dr. Manfred Halberstadt, instructor of Latin.

The society will hold meetings once a month this year and will "seek to draw a parallel between Classical and Jewish thought," Mr. Fuchs said.

Other officers of the Eranos Society are: Abraham Kupchik '02, vice president; and Joel Simchenksky '54, treasurer.

Grant Year Leave To Dr. Rosenberg

Dr. Ralph P. Rosenberg, associate professor of German at Yeshiva, has been granted a year's leave of absence to pursue a Ford Foundation Fellowship in the Humanities, it was announced by Dr. Samuel Belkin.

Dr. Rosenberg will survey the humanities program at several universities including Chicago, Columbia, New York, and Yale. He will also carry on research in comparative literature at Columbia University.

Dr. Rosenberg has won national recognition in two fields of comparative literature, Romance-German and German-American literary relations.

New Year Leaves at Yeshiva

Yeshiva College

Amsterdam Avenue and 186th Street

New York 33, N. Y.

OFFICE OF THE DEAN

September 26, 1951

Dear Students:

We are beginning this year our 23rd year of instruction with the largest enrollment in our history, and the largest class of new students. Let us hope it will be a year of profit and programming for new and old friends. May it be a year of achievement and success.

The faculty and administration bid you all a cordial welcome.

Sincerely yours,

MORRIS B. ISAACS

Dean
A Need For Centralization

For the past few years, Co-op has been in dire need of a central location. It has in the past operated in three rooms with limited available space. Prof. Israel Young, advisor to Co-op, and the managers, have suggested a plan of centralization. This projected plan seems to be the ideal solution to the problems of Co-op.

We urge the building committee, Dr. Belkin, and Dean Isaacso, to accept the proposed plan so that it may be effected at the earliest possible convenience. Co-op has been doing extremely fine work. It surely deserves the improved conditions proposed.

Your Obligation

As members of the largest entering class, you, the freshmen, will find increased educational opportunities at your disposal. But you will also have to assume responsibilities to yourselves, your fellow students, and to the institution.

You will have to learn to integrate your secular studies and Hebrew subjects with outside interests. The Student Council sponsors a large variety of extra-curricular activities. This should be your active participation, but the rewards and satisfaction that they offer are great.

We see in you a fresh source of talent ready and willing to give you your utmost, and wish you a happy and successful stay at Yeshiva. Good luck!

Efficiency Plus

The system of registration in the college this term showed a marked improvement over previous years. Efficient procedure blended with courtesy on the part of the registrars and bursars enabled the largest student body in the history of the college to register in almost no time. Other factors which helped alleviate the situation were an increased staff and subdivision of the registration procedure.

There was, however, unnecessary delay in the bursar's office which might be remedied by increasing the number of secretaries and having one person drawing up receipts for each one taking care of the funds.

All in all, we consider the diligence with which the registration system was accomplished an encouraging sign and hope it is indicative of a new attitude towards student problems.

Dormitory Renovations

Dormitory residents were pleasantly surprised upon their return to school by a number of repairs made. The Building Committee has been commended. The bathrooms on the second and third floors of the dormitory are being renovated and new shower systems installed as was requested by The Commentator during the past year.

Another project was the painting of the dormitory rooms. In addition, the floors of the dormitory rooms were covered with linoleum.

The dormitory has taken on a new look. We are sure that its residents are grateful. This, however, is not sufficient. It is now the responsibility of the students to make certain that these improvements are not undone. It is expected that the onlooker on the part of a few which can easily mar the fine work that has been done. Residents must remain conscious of the fact that the dormitory is their home for the school year. The building committee has done its task; the students must now do theirs.

We are confident that the building committee will continue to include your suggestions.

“The Blake Program of 1987”

By Alex Heffer

This movement to be the establishment of a Jewish State. Since this has been achieved, a new evaluation was deemed necessary and it was to be embodied in the long-awaited Jerusalem Program. This program was to have been formulated by the twenty-third Zionist Congress, held from August 27 to 30, 1987, in Jerusalem. Here, a great controversy raged, raising essentially around two opposing viewpoints.

- The nationalist viewpoint, embodied by the Israeli government and the Jewish people, demanded a clear-cut separation of the Jewish and Arab populations in the region, with the establishment of an autonomous Palestinian state in the West Bank and Gaza Strip.
- The moderate viewpoint, represented by the World Jewish Congress and the Centre for Middle Eastern Studies, advocated a more gradual approach, with a focus on economic and social development in the region, and the establishment of a joint Palestinian-Jewish state.

It is now the responsibility of the building committee, Dr. Belkin, and Dean Isaacso, to accept the proposed plan so that it may be effected at the earliest possible convenience. Co-op has been doing extremely fine work. It surely deserves the improved conditions proposed.

Athletic Manager Takes New Stand; Asks Cooperation
By Edward Jacobowitz
As the new athletic manager I would like to present my ideas to you. Most of the athletic managers of the past have started the season with a series of meetings and discussions with some political office proclaiming their programs and, in the end, establishing a policy. I have, although through no fault of their own. What they all failed to realize is that the flow of programs of intra- mural activities, varied sport tournaments, swimming meets, and so forth, could materialize only with student cooperation. Without it, they could never visualize the fulfillment of their syllabus.

This year the varsity basketball schedule has been drawn up and the interscholastic is in the final stage of preparation. These two activities will take place with or without student cooperation.

Now, what can transpire with your help? A tennis team is in the process of formation. If enough students are interested, an intramural basketball program will be set up. When Spring rolls around there are possibilities of forming intra- mural baseball and track. All these many more activities are in store for all of you, if you are interested and will cooperate, if you have any school spirit at all. Then, and only then, will they be possible. You make no mistake about it, I will not beg you to come, nor will anyone else. You participate; you cooperate. It is all up to you! Your attitude these two activities will depend on how interested and cooperative you are.

Mites List Nineteen Games, Face Two New Tough Fives
During an eighteen-game collegiate basketball schedule for the 1953-54 season the Yeshiva quintet will be pitted against some of the leading court teams of the Metropolitan area.

Hopmg to improve on last year's mediocre 6-10 record, the Mites open the season at the famed Union court home of the New York Athletic Club. In Webv, Yeshiva is facing a team over whom they enjoy a 3-1 lifetime record, for the first time since the 1943-44 season. Following this exciting game, the traditional Allarm game will be played at the Central High School of Needle Trade gymnasium.

On Saturday night, Dec. 30, Yeshiva plays host to the powerful H. R. Trains five. Two newcomers to the hoop squad are the Yeshiva and Montclair State Teachers teams.

In January, Yeshiva plays its biggest games, facing three of the top teams in the city in Brooklyn College, Fordham University, and Queens College.
Dr. Isaacs Greets Students At First Freshman Assembly

The first assembly of the Freshman class of 1951, was held on Wednesday, September 12, in the Lamport Auditorium. The first speaker, Dean Isaacs, said, "The new freshman class is one of the best and biggest groups of new students in recent years." The dean stated that this brings many new difficulties such as large overcrowded classes. In reaction to this, he promised the assembled that the major subject classes would have a minimum number of students and wherever possible new sections would be formed.

Dr. Lisman, chairman of the Faculty Committee on Student Affairs, discussed the work of the committee. "Its purpose," he stated, "is to further student activities."

S. O. Y. To Publish Halachic Works

Work has been started on a Halachic Journal which will soon be published under the auspices of the Student Organization of Yeshiva, announced Manfred Fulda, '52, president. The contributors, Mr. Fulda said, will consist of Yeshiva students and Roshei ha-Yeshiva.

The officers of the S. O. Y. are Manfred Fulda '53, president, and Irwin Sanders, vice president.

Conclusions

The Commentator extends its sincere condolences to Harry Geder '53 on the passing of his father. May he be consoled among all the mourners of Zion and Jerusalem.
