Dear Friends,

Welcome to Showcase 2004: A midsemester's night dream!

This event is the fulfillment of three dreams: firstly, to provide a forum for the gifted women of Stern to entertain and delight you with their often concealed talents; secondly, to raise the awareness of the talent contained within the Stern Student Body; and finally to raise money for worthwhile causes. All the profits from tonight's showcase will go to Magen David Adom, the official emergency medical, disaster, ambulance, and blood bank service in Israel and Sharsheret, the national organization that links Jewish Women in their fight against Breast Cancer. This is a unique opportunity and will hopefully be a great evening for you all.

Many thanks to all of you who have contributed to the fulfillment of these dreams.

## THANK YOU
